Bob's Pre-Squirrel Shoot - Part 2

Saturday, April 18, 2026 at 10:00am

(Registration and practice begins at 9:00 am)

Come to Bob's Pre-Squirrel Shoot Part 1 and Part 2 for a fun day of shooting at some challenging targets.

The Buckhorn Skinners are doing their ^{50th} Annual Squirrel Shoot on May 9-10, 2026. This is the second largest shoot in Colorado next to the State or Territorials. This is an extremely fun shoot and highly recommended.

Anyway, the Pre-Squirrel Shoot at the FLMLC range is a way to shoot at and practice on the actual Squirrel Shoot targets. This will be good practice if you are planning to attend the Buckhorn Skinners Squirrel Shoot.

All FLMLC members are invited to Bob's Pre-Squirrel Shoot, regardless of whether you plan to shoot at the Buckhorn Skinners Squirrel Shoot.

Non-FLMLC members are welcome, but must complete 1.) the FLMLC Liability Form, 2.) pay the \$5.00 guest fee, and 3.) read and understand the FLMLC Range Rules.

Rules will be explained on the day of the shoot. There will be 4 targets with 5 shots at each target, not 5 holes on paper.

People who cannot shoot off-hand because of physical reasons may use a single stick, cross sticks or a tripod in a standing position.

Any caliber may be used.
